- **18-hole Championship Arthur Hills Golf Course.** The award winning, nationally ranked golf course is the centerpiece of Chicago Highlands, dedicated to its members and their guests only. The course weaves its way around 270 acres of elevated topography with views of the Chicago skyline and the surrounding area. Golf Digest named the ninth hole at Chicago Highlands its “Golf Hole of the Year.”
 - **Personal Best Practice Facility.** Named one of the top 50 private golf ranges in the country (and the only one in Illinois) by Golf Range Association of America, golfers will develop consistent ball-striking skills on our enormous grass practice

range, which includes target greens at varying distances to work on every club in your bag. A short game area includes two practice greens with bunkers and contours to simulate every possible short game situation. Three practice holes allow you to practice “on the course” without disruption to other golfers. These holes are also a perfect way for beginners and juniors to become more comfortable with the game. Complimentary golf lessons are included in your annual dues in order to make your practice time more effective. A state-of-the-art indoor practice facility will put a year-round focus on your game.

The 5000 sq ft pool and skate house was designed to create warm, comfortable spaces with rich finishes, using traditional, elegant architecture including locker rooms, full service dining and bar, and a lounge area.
- **Tennis & Paddle Tennis Courts.** A complex befitting the quality and exclusivity of the Club has been built. A year-round indoor golf training facility is also included in this building. The tennis courts are state-of-the-art Har-Tru hydro courts.

Q: May I invite guests to the Club?

A: Members may have guests use the Club Facilities in accordance with the member's category of membership and the Rules and Regulations of the Club. By restricting the maximum number of Charter and Golf members to 300, it is anticipated that members will enjoy the privilege of sharing the Club with friends on a regular basis, if so desired. However, certain guest privileges are at the discretion of the Club and are amendable from time to time under the established Rules and Regulations.

Q: Who is eligible to acquire a membership in the Club?

A: Membership is by invitation only.

Q: When will the membership deposit be repaid to the member?

A: Each person who acquires a membership will be entitled to receive a refund of his or her membership deposit, without interest, 30 years from the date of the member's admission to the Club. If the member resigns prior to the end of the 30 year period, the membership deposit paid by the subsequent purchaser will be refunded to the resigning member within 30 days after the reissuance of the resigned membership by the Club to the new member subject to a transfer fee. In the event the amount paid by said purchaser is less than the membership deposit originally paid by the resigning member minus the transfer

fee, the difference will be refunded at the end of 30 years. In the event the amount paid by said purchaser is more than the membership deposit originally paid by the resigning member, the Club will retain the difference (unless the resigning member is a Charter member – Charter members are entitled to full appreciation in the value of the membership deposit). The Club’s obligation to the member shall be further evidenced by the Membership Agreement.

Q: What is the process for reissuing membership prior to sellout of all initial memberships?

A: Members must continue to pay all dues and charges until his or her membership is reissued.

Q: Can members be assessed to cover any operating deficits or capital improvements?

A: The payment of membership deposits, dues, fees, food minimums, state taxes, service charges, personal and other charges as the Club may establish and change from time to time, in its discretion, is an absolute requirement to acquire and maintain membership privileges in the Club. With the exception of paying these charges and the membership deposit, members are not subject to any operating or capital assessments. However, the membership, with the consent and approval of the Club, may initiate an assessment for voluntary capital improvements not envisioned by the Club, as more fully described in the Membership Plan.

Q: How do I become a member?

A: To become a member of the Club, you first must be invited to apply. To accept your invitation, you must submit to the Club a fully completed and signed Membership Agreement, Applicant Information form, and a check in the amount of the required membership deposit. Upon receipt of all information, the Club will begin the review process, which may include an interview with the prospective member. Upon completion

of review, the prospective member will be notified of the Club's decision regarding admission to the membership.

Q: Is there any limitation on dues increases?

A: Dues may not be increased by more than the greater of (i) ten percent per year, or (ii) the percentage increase in the Consumer Price Index, or (iii) a greater amount if a nationally recognized public accounting firm selected by the Club certifies that a greater increase is justified based on increases in the true costs of Club operations and maintenance year to year.

Q: May the Club be converted to membership ownership?

A: The Company reserves the right to convert the Club to an equity member-owned club in its discretion. However, the Company is under no obligation to convert the Club to an equity member-owned club. Should the Company exercise the right to convert the Club to an equity member-owned club, it shall be done in accordance with the procedure further outlined in the Membership Plan.

Q: May the Club transfer the Club Facilities to a third party?

A: Yes. However, in the event the Company determines to sell all or substantially all of the Club Facilities to a third party, and the new owner makes any alterations to the Membership Plan that materially adversely affect any category of membership, then each member so adversely affected will have 30 days to choose to continue their use of the Club Facilities on such terms and conditions as the new owner may establish, or to choose to resign and have their membership reissued and receive 100% of the membership deposit they initially paid (plus any applicable appreciation for Charter Members), as more fully described in the Membership Plan.
